New Concepts In Global Tectonics

No 29, December 2003

Editors: J.M. Dickson and D.R. Choi

FROM THE EDITORS

Once again our Newsletter contains varied contributions from a range of disciplines from various parts the world. The data and interpretations are not available in the mainstream publications. We are looking forward to the NCGT Symposium at the Florence IGC and the subsequent meeting at Urbino for lively discussion and exchange of ideas.

IGC Special Symposium NCGT S09 and Urbino Meeting

Please note the deadline for Abstracts has been extended from 10th to 28th January. Contributors are asked to have their papers ready for handing in and editing at the time of the IGC so that arrangements can go ahead for publication of the Proceedings.

PLEASE NOTE - FINANCIAL SUPPORT

We are asking for financial support to the extent of US\$30.00 or more or the equivalent from individuals who are able and US\$50 or the equivalent for libraries. As only small sums of money are involved, in order to avoid bank charges which are not small, we ask you to make out bank drafts or personal cheques to J.M. Dickins or bank remittances to Commonwealth Bank of Australia, Canberra City, ACT, Australia, Account No. 2900 200 429. A few cheques and/or drafts have been made out only to NCGT or New Concepts in Global Tectonics and these can not be paid in and have to be returned. Where the currency is internationally negotiable, personal cheques should be made in the currency of the country of origin e.g., if from Canada in Canadian Dollars because if made out in US\$ these cost \$40 or more in Australian Dollars in bank charges. Bank Drafts should be made out in Australian

Dollars. If they are in US\$ similarly they cost A\$40 or more for bank charges. If you require a receipt, would you please let us know when you are sending your contribution?
